ABOUT US

Established in 2011, Mulberry emerged from a simple yet profound vision: to cater to the Australian lifestyle by crafting locally manufactured sofas. What began as a humble workshop with just six passionate individuals has blossomed into a thriving enterprise spanning a 4000m^2 state-of-the-art facility.

Crafted for Australians, by Australians

At Mulberry, we understand the essence of Australian living. Every stitch, every contour is meticulously designed with the Australian lifestyle in mind. Our sofas embody the spirit of comfort, durability, and style, making them the perfect companion for any home.

Australian-Made, Reflecting Australian Lives

Driven by our commitment to quality and innovation, Mulberry prides itself on being a pioneer in designing furniture that resonates with the diverse needs of our fellow Australians. With a keen eye for detail and a passion for perfection, we ensure that each piece exudes warmth, elegance, and above all, comfort.

Serving Every Corner of Australia

Mulberry's commitment to excellence extends beyond our products. With sales representatives and stockists in every state of Australia, we ensure that our unparalleled craftsmanship is accessible to all. Whether you're in bustling city centers or serene coastal towns, Mulberry is just around the corner, ready to transform your living space.

Sustainability at the Heart of Our Craft

Beyond style and comfort, Mulberry remains dedicated to preserving our environment. From sourcing eco-friendly materials to implementing sustainable manufacturing practices, we strive to reduce our carbon footprint while delivering unparalleled quality. With Mulberry, you not only bring home exquisite furniture but also contribute to a greener, more sustainable future.

WHY MULBERRY

Step into Mulberry's world of innovation, where our 4000m² state-of-the-art facility serves as the beating heart of our craftsmanship. With a team of over 40 skilled artisans, we harness the power of advanced technology to push the boundaries of furniture design and production.

Elevating Craftsmanship through Technology

At Mulberry, we embrace the future with open arms. Our dynamic team, comprised of both seasoned experts and the vibrant energy of the young generation, drives our relentless pursuit of excellence. With cutting-edge tools such as the Pathfinder for precision cutting and CNC for timber manipulation, we transform raw materials into works of art that exude sophistication and durability.

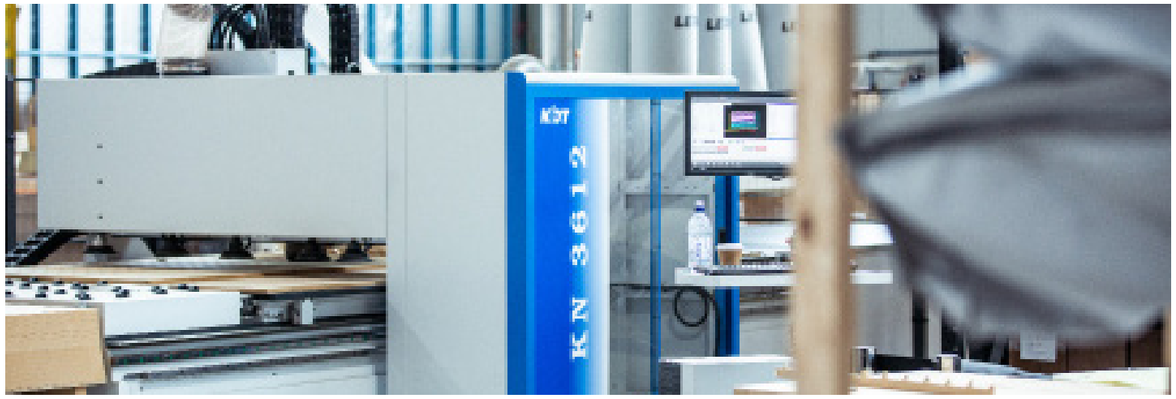
Our Distinctive Advantage

At Mulberry, we understand that every home is as unique as its inhabitants. That's why our fully customizable approach allows you to tailor every aspect of your furniture pieces to suit your individual style and preferences. With thousands of colors and textures to choose from our leading fabric and leather suppliers, the possibilities are endless. From selecting the perfect size, depth, and height to customizing foam density and even leg color, we ensure that your choices reflect your personality and elevate your living space to new heights.

Beyond Furniture: A Seamless Experience

Experience convenience like never before with Mulberry's one-stop-shop approach. From cozy sofas to versatile recliners, from modular units that adapt to your space to stylish sofa beds for unexpected guests, we offer a comprehensive range of furniture solutions to elevate every aspect of your home. With Mulberry, your journey to a stylish and comfortable living space begins here.

AUSTRALIAN MADE®



SOFA

Luxurious, comfortable, and customizable sofas to elevate any living space.

AUGUSTA

A true embodiment of relaxation and modern design, this sofa's puffy and rounded silhouette beckons with an invitation to unwind in its cloud-like embrace. The plush cushions and curved lines create a visual softness that is equally matched by its physical comfort.

This sofa presents a harmonious blend of contemporary design and inviting comfort. Its soft, rounded contours are contrasted beautifully by the structured, circular central cushion, which serves as both a design element and an enhancer of seated comfort.

This distinctive page in our catalogue introduces an array of sofas each with their own unique arm styles, including padded and cushioned options that elevate the overall design. These features not only enhance the aesthetic appeal but also add an extra layer of comfort, creating a cozy nook for resting and relaxing. Each sofa's arm type is thoughtfully designed, offering a blend of support and softness for those tranquil moments at home.

ALEXANDER

A sofa that radiates understated elegance and a refined aesthetic. Its classic mid-century design is refreshed with a contemporary twist, showcased through clean, precise lines and a chic, minimalist profile. The sofa's backrest offers a delicate vertical tufting detail that adds texture and interest without overwhelming the simplicity of the design. It offers an inviting atmosphere with its deep, cushioned seats, making it the perfect centerpiece for relaxed socializing or solitary relaxation. The subtle design elements make it a versatile choice that is as suited to a formal living room as it is to a casual family den.

CHESTERFIELD HIGHLIGHT

The Chesterfield sofa is the epitome of traditional design with a stately presence. Its signature leather or fabric upholstery is carefully selected to project both durability and grace, ensuring that the sofa not only ages gracefully but also becomes more inviting over time.

In the Australian market, where both heritage and comfort are highly prized, the Chesterfield sofa is a perfect fit. Its robust construction and dignified appearance make it a standout piece in both commercial settings like upscale offices and lounges, as well as residential spaces that aim for a touch of classic sophistication. Whether as a centerpiece in a grand living room or as an accent in a refined study, the Chesterfield remains a symbol of enduring taste and unwavering comfort.

STUDS HIGHLIGHT

The presence of studs on furniture brings with it an air of refined artisanship, adding a decorative edge to the classic and contemporary designs alike. Stud detailing, often found adorning the perimeters of sophisticated sofas and armchairs, provides a tactile and visual contrast to the soft upholstery. This traditional feature echoes the craftsmanship of yesteryear, imbuing pieces with a sense of heritage and meticulous attention to detail.

Studs serve not only as embellishment but also as a testament to the thoughtful design and sturdy construction of the piece. Whether they're outlining the curve of an armrest or highlighting the geometric frame of a seat, these metallic accents offer a subtle shimmer and an element of texture. The studs can range from discreetly sized to bold statement pieces, available in a variety of finishes such as brass, nickel, or antique patina, each adding its own character to the furniture.

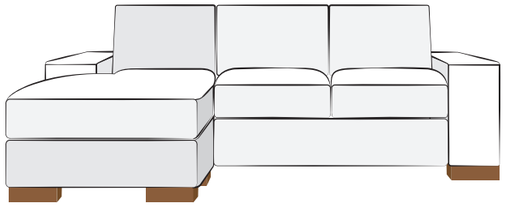
REVERSIBLE RC

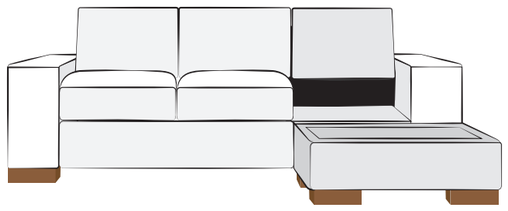
The Reversible Chaise Concept is a versatile seating solution ideal for small and compact spaces or renters seeking flexibility. This innovative design allows for easy configuration to left-facing or right-facing chaise by simply moving the chaise ottoman and flipping the L-shaped cushion on top.

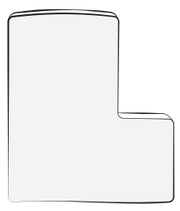
Our Reversible Chaise Concept offers a practical solution for modern living.

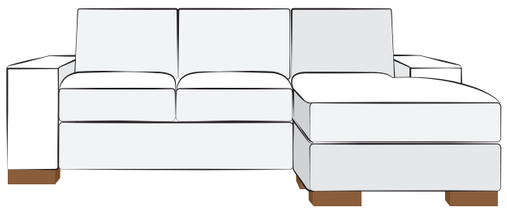
The modular design allows for easy assembly and reconfiguration, making it a perfect choice for those who frequently rearrange their living space.

Please note, this feature is exclusive to fabric sofas. Leather or vinyl cushions are single-sided with velcro on the base, limiting their reversibility.

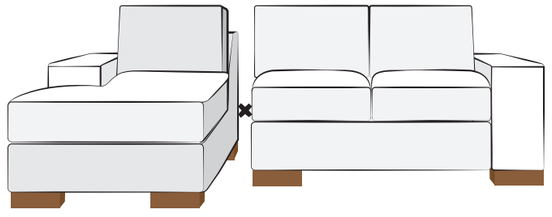




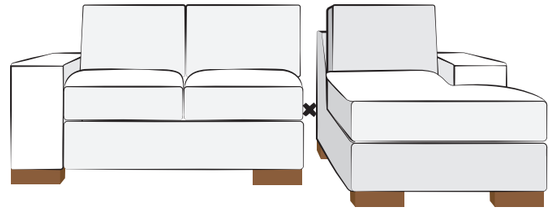




LHF (Left-facing chaise)



RHF (Right-facing chaise)



FIXED FC

The Fixed Chaise Concept is a sophisticated seating option ideal for customers seeking a two-arm chaise lounge with a set placement in their living space. Designed for larger areas, it offers a permanent chaise configuration, available in left or right-facing options. Popular features include integrated hardwood bookcases. The concept is showcased in our Balmain or Barcelona collections, blending functionality with elegance. Available in various coverings, including leather or vinyl, the Fixed Chaise Concept seamlessly integrates into any decor style, catering to different preferences and lifestyles.

CORNER CC

Our Corner Chaise Concept offers a unique seating solution designed for versatility and comfort. With only one arm and an open chaise with backs, this innovative design combines the functionality of a chaise lounge with the practicality of a corner sofa, providing the best of both worlds. Crafted with quality materials, the sturdy construction ensures stability, while plush cushions offer optimal comfort for lounging or entertaining. Ideal for maximizing space and creating an open, inviting atmosphere, it's perfect for large families or family rooms. This design also works well in main living rooms, maintaining ample seating while creating an open and inviting look.

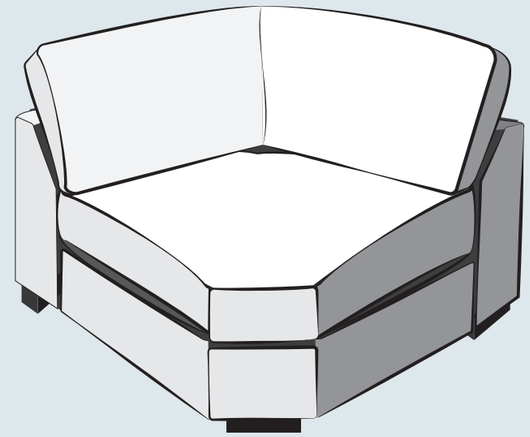
WEDGED CORNER

The Wedged Corner, commonly referred to as the "50 cents corner," presents a practical yet luxurious seating solution that optimizes comfort without compromising on style. This design is characterized by its unique wedge shape, which naturally accommodates a relaxed, lounging posture with ample space for leg rest. Unlike the traditional square corners, this wedged configuration extends further into the room, making it slightly more space-consuming but significantly enhancing comfort. It's an ideal choice for those who prioritize personal comfort and wish to create an inviting corner in their living space. This corner piece is particularly suitable for larger rooms or open-plan areas, where its size contributes positively to the space without overwhelming it. Its added volume and distinct shape make it a focal point, perfect for those looking to combine functionality with a strong aesthetic presence in their home decor.



Mulberry's Australian-made recline & lift chairs are crafted for durability and function. Designed to assist with lifting and standing, they're ideal for every family, providing lasting comfort and support for all ages.

COMMERCIAL RANGE

Mulberry's commercial range offers unparalleled craftsmanship and precision in custom shop fittings, ideal for retail and restaurant environments. At the heart of our operations is our state-of-the-art machinery, capable of cutting timber to any desired shape and form. This advanced technology ensures that every piece we produce meets the highest standards of quality and design accuracy.

Understanding the fast-paced nature of commercial projects, we pride ourselves on our exceptionally short lead times. Being locally produced, our products not only support the local economy but also allow for faster delivery and installation, streamlining the entire process for our clients.

Our range includes a wide selection of materials to choose from, including premium commercial fabrics, vinyls, and leathers, sourced from leading suppliers. This diversity in materials ensures that our custom fittings not only look outstanding but also stand up to the rigors of commercial use.

Whether you are outfitting a boutique retail space or a bustling restaurant, Mulberry's commercial range offers the perfect blend of quality, efficiency, and aesthetic appeal, tailored to meet the unique needs of your business..
